AMOS

Course Description

AMOS Virtual Classroom

Weight & Balance

Course Description   This course is designed to give a full overview of the Weight & Balance functions in AMOS.

Course Objectives   Upon completion of this course, you will be able to:

- ✓ Create the basic setup for Weight & Balance data in the program "Modification Control Setup"
- ✓ Understand the different functions in APN 292 "Weight & Balance"
- ✓ Understand the calculation and formulae
- ✓ Enter Weight & Balance changes in "View/Edit Modification" for a document (SB).
- ✓ Set workflows in relation to Weight & Balance.

Who should attend   Everybody who is working with Weight & Balance data.
